1. CAN IT ONLY BE SEEN BY A UV LIGHT, OR CAN IT BE SEEN BY THE NAKED EYE

Most lightly visible a visible mark. Throughout the Bible, and in the Old Testament, a graven image or the act of worshipping false gods was always seen icon that can be seen. Why should it be any different.

Some logistical points, 2 points —

Physical Aspect

Spiritual Aspect

**A. Physical Aspect**

- Buy and Selling \_Everybody is taking tattoos. They are visible. Like the Hindos, a bright colour mark.
- Needs to be identified on all levels (a) supermarkets, law enforcement, entering cultural establishments, hospitality establishments and for businesses to trade — to sell their products
- A drain on enforcement resources and finances
- Iphone can purchase goods, and no need for a mark. Their machines scan the frequency of the phone and payment is accepted. However, because phone thefts, loss and fraud, we are moving towards visible face ID. This brings full circle back to a visible mark.
- Need to be a unique mark, code and frequency unique to the mark to prevent duplication

**B. Spiritual**

- Satan hates God, so he alone wants to be worshipped. Need to be able to quickly identify those not marked to kill them.
- Satan always has a counterfeit — so he counterfeits the seal that God places upon believers

2. IS IT A FORM OF ALLEGIANCE TO THE BEAST AND HOW YOU SEE THAT PLAYING OUT

- See last question (how it works — internal element)
- Barry Smith, we thought it was a chip and it is, but it is much more than that. How it thought it would play was a good educated guess, but was wrong.
- Remember from the definitions slide, the Greek word “Charagma” was defined as being “a stamp to signify a badge of allegiance.”
- In other words, choose false god, antichrist or choose the Creator, the true God
  - [Joshua 24:15 KJV](#) And if it seem evil unto you to serve the LORD, choose
